RESOLUTION ASKS HUNGARY TO LET IN U. N. OBSERVERS TO INVESTIGATE CONDITIONS

By TOM HOGE

United Nations, N. Y. (AP)—Despite word that Dag Hammarskjöld plans to go to Budapest in 10 days, the U.N. Assembly early today adopted a U. S.-sponsored resolution calling again on Hungary to let in other U.N. observers to investigate conditions generally in the revolt-torn country.

The resolution, approved 51-10, asked Hungary and the Soviet Union to give the observers the green light by Dec. 7. The two Communist governments for the past month had steadfastly refused to consider admission of a U.N. team for anything other than distribution of relief supplies.

Russians Move More Weapons Into Budapest

By ENDRE MARTON and ERIC WAHA

Budapest, (AP)—Hungarian police, acting on Russian orders, broke up a mass demonstration in front of the U. S. Embassy today. The police used their rifle butts in an assault on a crowd of about 400 men, women and children—who had gathered before the embassy shouting:

"Down with the AVH secret police! . . . No more deportations! . . . down with the government!" American officials estimated at least two truckloads of the demonstrators were carted off by the police. Witnesses said some were children. Several Hungarians were seen to fall to the ground.

Hundreds of Hungarian women had congregated in the streets for the second consecutive day in mourning for insurgents killed in the anti-Communist rebellion. The Russians moved more tanks and armored cars into the city as a precaution, but ordered Hungarian soldiers and police to handle the job of dispersing the women.

Most of the demonstration was orderly. It involved about 2,500 women, made up of groups of about 200 each. Yesterday about 15,000 demonstrated and one woman was wounded by gunfire after an altercation with a Soviet officer. The women again marched with bouquets, flags and mourning wreaths.

The center of today's demonstration was Petöfi Square, on a bank of the Danube in the center of town, where there is a monument to the Hungarian poet of the 1848 revolution, Sandor Petöfi. As the women approached the (Turn to Page Eight)

Meters Installed And in Operation at YMCA Parking Lot

Meters have been installed at the new YMCA tennis court parking lot in Liberty street. It was announced today by Jake Levinson, chairman of the Parking Authority, and the new facilities for off street parking are now available to motorists on a "pay-as-you-use" basis.

The meters are the same type as those in use in the parking lot in the rear of the Municipal Building, taking either nickels or quarters. Five cents pays for one hour parking, and a quarter from nine to nine. Free parking is available for those desiring to use the lot from two a. m. until nine a. m.

The Assembly voted at a special session, lasting beyond midnight, at which the U. N. secretary general announced he hoped to arrive in Budapest Dec. 16 for a three-day visit. He proposed the trip weeks ago to help set up distribution of U. N. relief.

Hammarskjöld said he had arranged for U. N. Undersecretary Philippe de Seynes, a Frenchman, to leave Sunday for Budapest to complete arrangements for his own visit and to remain there with him.

Final acceptance of Hammarskjöld's plan was awaited from Hungary's pro-Moscow government. Hungarian Foreign Secretary Imre Horvath, after conferring with the secretary general last night, said he had not yet received clearance from Budapest. Informed sources said, however, approval appeared certain.

The United States welcomed announcement of Hammarskjöld's plan, but U. S. Delegate Assembly his visit would not conflict with the mission of the other observers.

Stevenson Decides He Will Not Throw Hat In Ring Again

By JACK BELL

Washington, (AP)—Adlai E. Stevenson's announcement he will not seek a third chance at the presidency opened the way today to a scramble for the Democratic nomination in 1960.

Stevenson, defeated by President Eisenhower by about 10 million votes last month, said in a statement yesterday: "I will not run again for the presidency." He said he will resume private law practice in Chicago in January.

The twice-defeated Democratic candidate said his interest in the party will "continue undiminished." Stevenson's vice - presidential running mate, Sen. Estes Kefauver of Tennessee, was asked if he too might be in a mood to remove himself from consideration for the 1960 presidential nomination. He replied:

"I am only in the mood to be the best senator here that I know how to be."

Stevenson's withdrawal makes many Democratic governors and senators potential candidates for the 1960 nomination.

Warren County Assemblyman Endorsed for Assistant Floor Leader at House Caucus Today

By LEONARD A. UNGER

Harrisburg (AP)—The House Republican majority endorsed Rep. Helm Armstrong for speaker today in a show of harmony that contrasted with open factionalism among Senate Republicans.

The 126-member GOP caucus gave Helm its unanimous support for the top House post, assuring his election when the Legislature convenes Jan. 1.

Rep. Johnson (McKean) was selected GOP floor leader and Rep. Gibson (Warren), assistant floor leader.

Speculative opposition to Gibson from Rep. Lippincott 2nd (Delaware) failed to develop.

A similar agreement on Senate posts fell apart at the seams last night although a temporary compromise was salvaged out of what had the makings of a bitter feud.

Three Injured In Accident On Route 27 Near Garland

Three persons were injured yesterday afternoon in a two-car smashup in which one of the drivers was cited for drunken driving by State Troopers of the Corry Barracks.

Officers said Randall M. Goodard, 40, of Erie, was driving on the wrong side of the highway when his car slammed into one operated by Vern Lewis, 51, of RD 3, Corry, on Route 27 about a mile south of Garland.

Goodard and Lewis were admitted to Corry Memorial Hospital having been taken there by the Youngville Fire Department ambulance. Lewis suffered a fracture of his right kneecap and lacerations on face and head. His wife also sustained contusions and abrasions of face and hands, but was not admitted.

Goodard was detained for observation.

Police said in addition to being cited for drunken driving, Goodard will also be charged with operating without a license.

In addition to her son, George she is also survived by another son, I. C. Bloom, a Washington attorney, a sister, Mrs. Ida Bloom of Los Angeles, Calif., and three grandchildren.

Private funeral services will be held tomorrow at 2 p. m. with burial in McKees Rock Cemetery, near Pittsburgh. The family requests that flowers be omitted.

Nasser Charges Invasion Was A Conspiracy

Cairo, Egypt (AP)—President Nasser charged today the attack on Egypt by Britain, France and Israel represented a conspiracy aimed at the "full and complete destruction of his country."

"God was with us," he declared.

The 38-year-old President, a lieutenant colonel and a veteran of the 1948 Palestine War, gave his detailed account of the military operation in a signed article in the Cairo weekly newspaper Akhbar Saa.

He wrote that he was surprised when Britain launched its attack because he had considered it "most improbable that any responsible Briton would take such action."

"It was not a question of a canal passing through Egypt," Nasser said, "but it was a question of Egypt itself."

He asserted that Egypt's military strength and political influence endangered Britain's position "in its struggle against nationalist rebels in Algeria."

Nasser said he felt Egypt drew "won the battle" in its withdrawal from the Sinai Desert after Israeli forces struck in the area Oct. 29.

Detailing Egypt's military position on that date, Nasser said only the National Guard was responsible for the Gaza Strip and that Egypt always knew that narrow finger of land could be cut off easily.

A. T. & T. Reaches Accord With Long Distance Operators

New York (AP)—The American Telephone & Telegraph Co. and the Communications Workers of America reached agreement today on a new contract. It covers 25,000 long-distance operators and employees in 42 states and Washington, D. C.

The company announced the agreement, which must be ratified by the union's long lines division to become valid.

The company said the pact provides for a weekly wage increase ranging from \$2.50 to \$3 for 10,500 operators and for raises of from \$3.50 to \$5 for plant craftsmen. Salaries vary by geographical location.

The announcement came at the end of a 23-hour bargaining session. It began at 10:30 a. m. yesterday.

The union membership had authorized its negotiators to call a strike if no agreement were reached.

The old contract expired Nov. 28. The new one, if ratified, will run through Jan. 3, 1958.

The pact increases starting minimums for long-distance operators by \$2 to \$4 a week, and for plant craftsmen by \$2 to \$5.

Erie Man Honored For Work on Guided Missile

Washington (AP)—Two Pennsylvanians are among nine men belatedly honored by the Navy for developing "the first guided missile ever launched in wartime against an enemy."

The missiles were fired "very successfully" against Japanese land base in the Pacific 13 years ago, the Navy said. Among those for whom Secretary of the Navy Thomas has approved awards are Rear Adm. D. S. Fahney, retired, of Chadds Ford, Pa., a gold star in lieu of a second Legion of Merit; and Capt. S. E. Jones, of Erie, Pa., commendation letter with ribbon and metal pendant.

Santa's Helpers Are Going Back To Beards

Philadelphia (AP)—Some of Santa's street-corner helpers are going back to beards after trying clean shaves. The kids griped.

The Volunteers of America, which employs the helpers, said it abandoned its beards because they were wearing out. It went for the clean shave after trying moustaches, which frightened small children.

But the clean shave brought an uproar from older children. The volunteers decided to buy better beards.

Racial Dispute Considered By Federal Court

Clinton, Tenn. (AP)—A federal judge at Knoxville was scheduled today to take up Clinton's newest outbreak of racial violence.

U. S. Dist. Judge Robert L. Taylor said he will decide whether to issue contempt of court warrants for persons accused of taking part in violence which caused the Clinton High School to close indefinitely yesterday.

A Baptist minister, a white man, was beaten after he escorted six Negro students to the school past a jeering crowd. Inside the school a teacher was jostled by one of two youths who appeared at her classroom door and asked "Where's the niggers?"

An explosion last night shook the Negro section of Oliver Springs, six miles west of here. No injuries and little damage were reported. The explosive apparently tossed from a moving car, blew up in the yard of Arvil Hall, 49, a Negro house painter.

Seabee told newsmen last night he prefers separate but equal school facilities but "that doesn't change the fact that the recent decision of the courts proved otherwise." He said he was going to "abide by the law and expects everyone else to."

In answer to a demand for help, Attorney Gen. Herbert Brownell wired the Anderson County School Board last night that federal agents would investigate the Clinton situation and prosecute "those responsible for willful violation of court orders."

He told the board, however, that "the primary responsibility for keeping law and order . . . rests upon state and local authorities." Gov. Frank Clement agreed with this view and said, "I have had no official request for help from the officials of Anderson County or Clinton."

G.O.P. State Committee Spent \$45,000 in 1956

Harrisburg (AP)—The Republican State Committee has reported spending more than \$450,000 in waging its 1956 election campaign.

In a report filed with the State Elections Bureau yesterday, Edward W. P. Harris, committee treasurer, said the largest single item of expense was \$123,573 for television while \$54,363 was spent for newspaper advertising, and \$33,827 for radio.

The report covered a 12-month period ending last Nov. 20 and listed a balance of \$62,291. In that figure is a \$20,000 salary for GOP State Chairman Bloom. The money was not collected.

The 12-month period showed \$641,305 in contributions, mostly from the GOP Finance Committee and expenditures at \$581,343.

Human Death Toll For Deer Season Totals 27

Harrisburg (AP)—Pennsylvania's two-week deer hunting season entered its third day today with a human death toll of 15—three due to accidental shootings and 12 attributed to heart attacks.

Latest heart attack victims reported last night were:

C. Earl Brady, 51, of Franklin, stricken while hunting in Venango County.

Melvin E. Hartzell, 51, New Bloomfield, who collapsed while stalking deer in Perry County. Benjamin Augustein, 65, Castle Shannon, near Pittsburgh, stricken while hunting in Potter County.

CROWDED HARBOR INDICATES SHIPS ON HAND TO REMOVE MOST OCCUPATION FORCES

By LEONARD LEDDINGTON

Port Said, Egypt (AP)—A vast armada of shipping converged on Port Said today, and a speedup in actively suggest British and French forces were preparing to disappear from Egypt even quicker than the "two or three weeks" predicted for their withdrawal.

As the cloudy dawn broke over Egypt, a line of ships stretching from Port Said to the distant harbor already was moving out. The crowded harbor indicated that shipping already was on hand to take away most of the occupation troops.

Canadian Maj. Gen. E. L. M. Burns, commander of the new U. N. Emergency Force, flew in from Cairo to discuss the withdrawal schedule. Gen. Sir Charles Keightley, over-all commander of the British-French force, also arrived from his Cyprus headquarters to confer with Burns.

The U. N. commander was to go on to Israel tomorrow to discuss Israeli plans for pulling out of the Sinai Peninsula.

Port Said shops were doing business once more today, after shutting down yesterday on orders from Egyptian "intimidation squads" who sought to spike British demands for reopenings. Sidewalk cafes and tables and chairs out again and the general feeling was one of excited anticipation.

With few backward glances, more than 2,000 British and French soldiers led aboard ship for home, just a month after the first paratroopers leaped into Egypt.

The withdrawal ordered by London and Paris was dubbed Operation Hammad—a worn-out strummet or hag—signifying the military distaste for the exodus.

But the troops themselves were jubilant with hope they would be home before Christmas.

It was apparent the pace of the withdrawal was going to be extremely fast.

The U. N. police force in Egypt grew to nearly 2,600 men as the British and French packed up. The arrival of a company of Colombians swelled the U. N. forces in Port Said to 600. A Swedish company was due today.

Israel has announced its withdrawal from a 30-mile-wide strip of the Sinai Peninsula at the edge of the canal and said that it has pulled 10,000 to 12,000 of its troops all the way out of Egyptian territory. The Israeli Foreign Office gave no clue as to when the entire peninsula would be evacuated but said, "It should be a staged withdrawal."

Another bitter pill to many was the thought that the nation had, once more gone begging for help from the United States, widely blamed here for Britain's empty-handed withdrawal from the Suez Canal zone.

Ammonia Pollution Is Source of Fish Poisoning

Harrisburg (AP)—Experts of the State Fish Commission renewed their search today for the source of pollution that killed 175,000 to 200,000 trout in the State College area but conceded the going was rough.

They said the ammonia pollution has been traced up Spring Creek to Thompson Run and into a large storm sewer, which has a number of inlets. Three state fish hatcheries are located in the area.

"We admit that we can't pinpoint the source of the poison at the present time," said Gordon Tremblay, chief aquatic biologist of the commission. "I'd say that the task is pretty rough."

Tremblay termed the fish destruction last weekend "the heaviest loss of fish life through pollution in state records."

The fish killed represented from 8 to 10 per cent of the commission's program for restocking trout streams next year.

British Morale Is At Low Ebb London Says

BULLETIN

London (AP)—Foreign Secretary Selwyn Lloyd denied today that Britain collaborated with Israel in the invasion of Egypt but said "it is true that we were well aware of the possibility of trouble." Lloyd, leading off a crucial debate in the House of Commons over the government's Middle East policy, declared "it is quite wrong to state that Israel was incited" by Britain to invade Egypt. "There was no prior agreement between us about it," he said.

London (AP)—Britons faced up with a shudder today to the bill for the invasion of Egypt. The country's morale was hit squarely by fears of mounting inflation, unemployment wage strikes, higher taxes and crippling fuel shortages.

Another bitter pill to many was the thought that the nation had, once more gone begging for help from the United States, widely blamed here for Britain's empty-handed withdrawal from the Suez Canal zone.

Son of Bradford Officer Victim of Hunting Accident

Bradford (AP)—A Bradford policeman's 16-year-old son was in critical condition today with two bullet wounds suffered in a hunting mishap.

The victim is Anthony Colosimo, son of Patrolman and Mrs. John Colosimo. He underwent emergency surgery yesterday for rifle wounds of the left arm and abdomen.

Game Protector Robert H. Meyers of McKean County said the youth was shot in Lang Maid Hollow in Bradford Twp., four miles west of here while hunting with two companions.

The other boys were identified as David Curcio, 15, and William Krueger, 14, both of Bradford. Meyers quoted them as saying they were walking down a hill when Colosimo slipped on a rock and accidentally shot himself.

Cancer Crusade Chairman Is Awarded Certificate of Merit

John D. Haggerty, Jr., was honored at the executive committee meeting of the Warren County Unit, American Cancer Society, last night, when he was presented with the American Cancer Society's Certificate of Merit and an attached brass plaque with his name engraved thereon, from the local Society, for his outstanding service as campaign chairman of the 1956 Cancer Crusade.

Dr. John Larson, president of the Warren County Unit, made the presentation and commended Mr. Haggerty on his valuable service in the fight against cancer, and expressed the Society's appreciation.

Mr. Haggerty responded by thanking all those who worked with him in the Crusade and said, "I hope that soon, such service will no longer be needed—that a cure for cancer will have been found."

Dr. Larson introduced F. W. Perrin, campaign co-chairman, who reported in the absence of the chairman James Wright.

It was announced by Dr. Larson that Miss Margaret Wright had been appointed to act as campaign publicity chairman for the 1957 Crusade.

The resignation of Miss Martha Lupold, loan closet chairman, was accepted with much regret by the committee. Miss Lupold has been a member of the local Society since it was first organized in 1949 under the leadership of Mrs. Edna Thompson Stone, then county captain, and has been most active on the service committee. She was given a rising vote of thanks by the committee for her long and untiring service and words of appreciation were voiced by all those present.

Acknowledgment was made of the following organizations for their volunteer service in making dressings for the loan closet: Ruth Ransom Circle, Grace M. E. Church; Catholic Daughters of America Study Group; George Whitfield Circle, First Methodist Church; Florence McKay Circle, Grace M. E. Church; Circle Eleven, First Presbyterian Church; Rehoboth Circle, First Baptist Church; Mary Harwood Circle, Grace M. E. Church; Myrtle Beck Circle, Grace M. E. Retail Demand at a Boomtime Level Report for Automobiles

By DAVID J. WILKIE
Detroit (AP)—A retail demand level approaching boomtime level is reported from the nation's car markets. The surveys indicate many dealers lack sufficient 1957 model cars to meet the demand; they also show most dealers are asking the list price for the new cars. In many cases are getting it with little resistance from the buyers. Industrywide the 1957 model car still is less than a full month in its way. For that reason it probably is too early to say the initial demand that greeted the

new models will continue through the year ahead. But nowhere in the industry is there any inclination to doubt that the 1957 model year will require upward of 6½ million new model assemblies. Some authoritative industry spokesmen are currently predicting a 1957 model year output of 6½ million units. The buyer reaction to the new models—so far chiefly in the lower price area because this price bracket was first on the market—was greater than even the most optimistic of the producers anticipated.

If you ask sales authorities what precipitated the rush for new model cars the answer invariably is: "The 1957 product is better and has more eye-appeal than any the industry ever turned out. Coupled with this is a continuing natural growth of the car market."

There probably is more to it than that. For varying reasons new model assemblies have been so far below schedules that an actual shortage has resulted in certain models. As of right now the merchandising division has about two weeks' supply of 1957 models on hand.

If production and retail deliveries maintain expected levels during the weeks immediately ahead there still will be a shortage of some models in mid-December. Even a hint of shortages always stimulates demand.

Generally the car makers attribute the lagging output volume to such factors as materials and sub-assembly shortages and the necessity of retraining workers in the use of new equipment used for production of vastly changed models.

War scares probably have had nothing to do with the industry's current low level production. But they definitely could figure in the present upsurge in retail demand.

Callahan Rites To Be Held Thursday In Bradford Church

Further information about the sudden death of David E. Callahan, 49, 109 Minard Run Road, former well known Warren man, stricken while on a deer hunting expedition Mon. in the Sugar Run area, about two miles west of Marshburg, off Route 59, in Corydon township, McKean county is reprinted from the Bradford Era as follows:

In the Callahan hunting party were his pastor, the Rev. S. Paul Weaver, of the Hill Memorial Evangelical United Brethren Church, and the Rev. Mr. Weaver's son, Jerry, age 17.

Jerry was standing near the auto after Mr. Callahan had dragged the buck down to the road. Both talked together for about five minutes, and then Mr. Callahan staggered and fell. Jerry applied artificial respiration, and then got help by sounding the auto horn to summon his father, and signalling a passing motorist. They contacted Deputy Game Protector Gerald C. Buchanan and the coroner from the nearby Rainbow Inn.

Mr. Callahan, a resident of the Bradford area for the past five years, was born at Jackson, Ohio, the son of Mr. and Mrs. Evan Callahan. He was employed by the Manufacturers Light and Heat Co. for the past 28 years, and at the time of his death was a field foreman for the firm. Mr. Callahan was a member of the Hill Memorial EUB church here.

Surviving are his wife, Mrs. Blanche DeBolt Callahan; one daughter, Mrs. Joyce Kyle, and one son, Dale E. Callahan, both

Suggestions For Ordering Seedlings

Definite plans of all landowners for planting of Forest Tree seedlings should now be made. Release of stock available for spring has just been made with the following seedlings included:

White Pine, Red Pine, Banks Pine, Pitch Pine, Norway Spruce, White Spruce, Hemlock, Black Locust, Green Ash, Multiflora Rose and Flowering Dogwood.

Any person owning 5 acres of land or more and having 2 or more idle acres should seriously consider a tree planting program. Red Pine is the most recommended species for this area, as it is merchantable as pulpwood in 20 to 30 years. Using State grown stock will allow about a 30% return on the investment in 30 years. Few investments can claim such a return.

The Conservation Reserve program avails farmers to acreage returns on crop lands planted to trees and the Agricultural Conservation Program offers a liberal inducement payment to farmers planting unused lands.

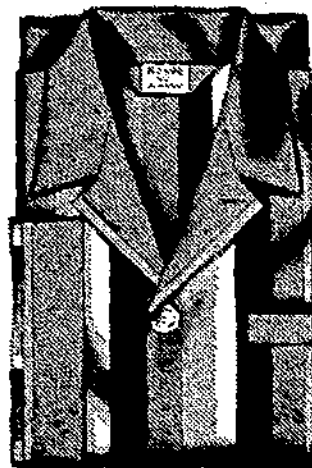

A State Forester will be glad to advise on particular planting plans and information is obtainable from the District Forester, Box 807, Warren, Pennsylvania. Planting stock must be ordered by February 15.

EXTENDING A HELPING HAND

The Warren County Chapter of the American Red Cross has announced that this community has been asked to contribute \$1,200 toward a goal of \$5,000,000 that will be raised in the United States for Hungarian relief.

E. Roland Harriman, head of the American Red Cross, in his letter to Ralph E. Sires, chairman of the Warren County Chapter, explains the urgent need for finances to help Hungarian refugees in this manner:

"The tragic suffering of the people of Hungary has caused every American to want to send help. This help has gone from the American Red Cross and we have been joined by other Red Cross Societies throughout the world in rushing medical supplies, food, blankets and other necessities to the stricken area. The Red Cross is the international agency that is now moving supplies into Hungary and supervising their distribution. As refugees poured into Austria by the thousands, the Austrian Government turned to the Red Cross to assume responsibility for the refugees. It is reported that more than 83,000 refugees have already crossed over the Hungarian border and daily additional numbers pour into Austria. The needs continue to mount in Hungary as well as among the refugees who have escaped. The Red Cross must have additional funds to help meet the increasing need for food, medical supplies, clothing and other essentials. Chapters are requested to immediately launch a campaign for Five Million Dollars. I urge chapters to take all possible steps in putting this appeal before the people of your community. Americans everywhere will want to play their part through the Red Cross in assisting Hungarian refugees. The area office has assigned \$1,202.00 as the Warren County Chapter quota for this campaign."

Persons desiring to contribute to this most worthy project are reminded to make checks payable to The American Red Cross and send them to Chapter Headquarters, 404 Market street.

HONOR FOR THE CORNPLANTERS

Our congratulations to "The Cornplanters," the American Legion Drum and Bugle Corps which rates a front-cover picture in the November issue of "Drum Corps World," the Voice of The Drum Corps, printed in Chicago and circulated nationally.

The picture was taken last July on the front steps of the Municipal Building, by Everett Stokes, well known commercial photographer, who makes it a pretty regular habit of seeing the output of his studio selected for similar honors.

In the three busy years since it was organized in 1953, the Corps has grown to a personnel of 40 men with equipment valued at \$7,000, acquired through funds raised by projects and activities promoted by the musicians themselves.

THE VALUE OF NEWSPAPERS

Says The Derrick: The idea is widely held that television has gained an unshakable hold on the young people of the country, to the detriment of other and older media of communication.

But apparently that idea needs some overhauling, as this item from Editor and Publisher demonstrates: "The study of the 'teen-age market' just released by the Bureau of Advertising completely destroys the television-created myth that the youth of America is a new race of TV viewers to the exclusion of printed media. TV ranked high with this group for its entertainment value, but research revealed the medium of 'most practical value' to teen-agers is the newspaper and 80 per cent of them are newspaper readers."

THOUGHTS FOR TODAY

And the rest of the oil that is in the priest's hand he shall put upon the head of him that is to be cleansed, to make an atonement for him before the Lord.—Leviticus 14:29.

A grounded conscience is often inflicted as a punishment for lack of true repentance; great is the difference between a man's being frightened at and humbled for his sins.—Fuller.

Frightening Similarity

Here and There

How many Christmas cards do you expect this year? The Rust Craft Greeting Card Co., at Dedham, Mass., one of the world's leading greeting card publishers, says every man, woman and child in the United States should receive an average of 13.33 cards during the coming holiday season. The firm said industry reports indicated a record 2,200,000,000 Christmas cards will be sent by well-wishing Americans within the next few weeks.

The heavyweight championship fight last Friday night between Floyd Patterson and Archie Moore reminds that it was just fifty years ago that Robert Fitzsimmons, who was champion of the same division, made a personal appearance on the stage of the Library theatre. An item in The Warren Evening Mirror of December 7, 1906, under the heading "Robert Fitzsimmons Here," says: "The world renowned prize fighter, Robert Fitzsimmons, arrived in Warren this morning and will appear at Library Theatre this evening in a play entitled 'A Fight for Love'. The veteran of

the ring will be 45 years old next June, but he is boyish in appearance and jovial in disposition and one would not take him for more than thirty-five. He is careful in his habits and does not indulge sufficient to injure his robust constitution. 'Bob' is accompanied by his wife, who is an actress of ability and she takes the leading role in the production. Fitzsimmons makes a horseshoe upon the stage and has a liking for his trade, which he learned in Australia, the country of his birth, which he left eighteen years ago. He also does a three round boxing stunt in the fourth act and is conspicuous in the play throughout. He has been before the footlights for fourteen years and consequently does not suffer from stage fright. He keeps himself in perfect condition and has not entirely given up the idea of going into the ring again. Mr. Fitzsimmons stated to a Mirror reporter that his weight is 170 pounds and that he can train down to 160. Jeffries, who is his conqueror, conducts an alfalfa farm in California, weighs at the present time 320 pounds and has almost double

the avoirdupois of the Welshman. Fitz states that he has a couple of farms in New Jersey, only forty minutes ride from New York and that it is his purpose to erect a sanitarium and make comfortable accommodations for wealthy New Yorkers, who are in need of exercise, Turkish baths and good, wholesome eating.

And here's an item from the same issue that makes timely reading in view of the fact that Warren is having an Auto Show Friday and Saturday at Beaty Cafeteria: "It is reprinted in The Mirror, from The New York Press, and says: 'Though certain owners of pet dogs assert the animals like to ride in automobiles, there is a strong impression that dogs who accompany their mistresses on daily spins are simply showing wonderful self control—in fact, that pets feel they are out of place, but are "game" enough not to show their feelings. The temptation to bark a retort must be strong when a self respecting dog hears a person on the sidewalk say, "The pup's a freak, but the girl's all right." One dog leaped from an automobile when it was going down the avenue a couple of days ago, and he has not been found. His mistress always had said he "liked driving" but evidently the dog was too high strung for auto traveling.'

Retiring Propaganda Chief
Thinks Efforts Effective

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—(NEA)—There are still a lot of people who think Uncle Sam has no business spending millions of dollars trying to propagandize the rest of the world.

But there aren't as many as there were three years ago when Theodore Streibert, a successful radio executive, took over the U.S. Information Agency.

And now that he's leaving, to return to private industry and be replaced by new Republican glamor brain Arthur Larson, he's willing to reveal how he helped improve the agency.

"One of the first things we learned was what form of information was most acceptable to what countries and what parts of the world," he explains.

For example, he says, before he arrived Uncle Sam was sending books to people of Asia who couldn't read, movies to countries which made much better ones than the United States, and radio programs to people who had no radios.

LOOKING BACK he cites some of the agency's triumphs while he was boss.

"Explaining to the world what the President really meant by his 'international atomic energy program' was one of the most important achievements of the agency," he says.

Before Streibert arrived the U.S. foreign information program was the favorite whipping boy of Congress. Since then, congressional criticism has diminished considerably, even though the Democrats have been in control for the past two years.

AND GREATEST testimony of all to congressional support of his program was an increase in yearly appropriations from 83 million dollars to 113 million.

Another project which pleased him was the color film made by U.S.I.A. of the visit of Indonesian President Sukarno last spring to the United States.

Before the visit, the agency was having a tough time getting the Indonesians interested in any of America's propaganda about the advantages of life in the United States. "So we followed Sukarno all over the United States making color film of him sight-seeing and talking to Americans," Streibert tells.

"As a result, when we rushed the completed film to Indonesia everybody there jammed the theaters to see it. In the process they were exposed to a story of America that we couldn't have gotten to them in years of trying by other means."

OBSERVERS AGREE that Streibert's chief contribution was making the agency an efficient piece of working machinery and recruiting some able people. That leaves new boss Larson with the job of feeding the machine a continuous supply of good ideas.

Streibert agrees with that. He thinks one of the big jobs ahead is to keep telling the people of the world the truth of the bloody tyranny with which Russia engulfed Hungary.

The Voice of America is under some fire for the Hungarian rebels being led to believe that America would support them with armed aid. But Streibert is confident that his agency can prove that it was not guilty of broadcasting false promises.

A movie documenting the Russian fighting in Hungary is now being sent to U.S. ambassadors all over the world for showing to the officials of foreign countries.

MR. AND MRS. OWEN A. CARPENTER

Luella Janet Wert, daughter of Mr. and Mrs. Amos Wert of 316 Jackson avenue, became the bride of Owen Albert Carpenter, son of Mr. and Mrs. Hubert Carpenter, Sr., of Kinzua, on Saturday, December 2.

Father M. E. Dailey officiated at 11:00 a. m. for the double ring ceremony, white mums and candles decorating the altar and organ music played by Mrs. Thomas Donnelly. Joseph Guilfrie sang "Ave Maria" by Gounod, "Mother, At Thy Feet", and "The Rosary" by Rosewig.

Given in marriage by her father, the bride was attractive in ivory-white satin, with lace trim and train, a gown previously worn by her sister, Mrs. Charles Clawson. A matching cap of satin held her lace-trimmed three-quarter length veil and her only jewelry was pearl earrings. Completing her outfit, she carried an arm bouquet of white carnations with white satin streamers.

As matron of honor, Mrs. Laura Albaugh wore lilac chiffon over taffeta, with matching open crown of horsehair, and circular veil. Lavender streamers tied her colonial bouquet of yellow carnations.

Hubert Carpenter, Jr., was best man for his brother; ushers were Reynold Flatt and Rudolph Gerbec. The bride's mother wore toast-colored lace over taffeta, with beige accessories, and corsage of peach-colored floribunda roses. Mrs. Carpenter wore black accessories and pink floribunda roses with gray and black taffeta.

The wedding breakfast for the immediate families followed at the

bride's home, and the reception for 100 guests was held there in the afternoon. The table was attractively set with silver and crystal, Mrs. Eugene Ely and Teresa Walsh pouring; Mrs. Charles Clawson serving the cake; Rose Quiggle at the punch bowl; and the bride's cousin, Janet Stewart, managing the guest book.

Guests were present from Columbus, Springfield, and Chagrin Falls, O.; Bangor, Me.; Smethport, Titusville, Kinzua, Akeley, Tidoute and Sheffield.

Returning from a wedding trip to an undisclosed destination, the couple will be at home in a newly-furnished apartment in Pennsylvania avenue, west. For traveling, the bride chose a frock of avocado green, with brown accessories.

She is a 1954 graduate of Warren High and is employed in personnel at DeLuxe. Mr. Carpenter attended WHS and is also employed at DeLuxe following three years' service with the Marine Corps.

Showers for the bride-elect were given by Mrs. Dan Walton, for girls of her department at DeLuxe; Mrs. Hubert Carpenter, Sr., assisted by her daughters, Alice and Rose, and Mrs. Hubert Carpenter, Jr.; also her aunts, Mrs. Harry Wilson, assisted by Mrs. John Stewart, Sr., and Mrs. George Jerman, Jr.

Christmas Film Is Shown At Meeting Of Youngsville Club

Attending last night's dinner-meeting of Youngsville Kiwanis Club were 27 members and one guest, gathered to enjoy a Christmas film shown by Norman Huck of the Bell Telephone Company as pinch-hitter for Robert Anstadt, who was unable to be present.

Earl Young gave the invocation for the evening meal, which was followed by the business session and program. Dr. Richard Peters received from members their estimates on underprivileged children to be brought to the Christmas party on December 18; John Kirk announced a directors' meeting at his home Thursday evening.

Don Abraham reported on the district officers' conference at Edinboro last Sunday, which he attended, with Mrs. Abraham and Waide Ingols. Principal speaker for that gathering was Bill Sutter, Pennsylvania president-elect.

an effect opposite to that intended. Too many people were reminded that similar inspirational slogans in the past had heralded a period of grim struggle to rescue the national economy from dire peril.

The House of Commons continued the big post-mortem on the Egyptian military adventure with the start of a two-day foreign policy debate, due to reach a climax tomorrow night when the Conservative government asks for a vote of confidence.

Prime Minister Eden's government was expected to survive the vote, probably by a reduced majority, but feeling continued to mount that Eden himself would resign soon. The Prime Minister is due back in two weeks from Jamaica, where his doctors sent him for a rest at the height of the Suez crisis.

But the political furor was all but drowned in a chorus of groans from the man in the street as his immediate future struck home.

A quick rise in the cost of living was accepted on all sides as inevitable. A hike of 1 shilling 5 pence (20 cents) on diesel oil were alone enough to guarantee this. These increases were announced by the government and oil companies yesterday.

Because of greater transportation costs, the prices of bread, milk, meat and farm produce in general were expected to start climbing quickly. So were prices of most manufactured goods.

A big slump in automobile sales was predicted, with widespread unemployment in motor centers.

DEER IS STOLEN

Titusville Herald: Seventeen-year-old David George had been hunting four seasons without getting a buck. Monday, he finally bagged a four-pointer, but still could not take his trophy home to Meadville—the animal was stolen off his father's car while they were eating dinner that night in Titusville. William Lee of Titusville, Eastern Crawford County game protector, said no leads were unearthed yesterday. The youth, his father, Kenneth George, and a brother had been hunting Monday in Warren County. David bagged his buck and tied it onto the fender of their car. The father parked the auto in the driveway of the Lee Coates & Son Garage at 130 E. Central Ave. while they went to a restaurant to eat. While they were there, between 6:30 and 7 p. m., someone cut the rope and stole the buck. Protector Lee hopes that someone will come up with a lead on the theft. The deer is unique in that four shots hit the animal. It was hit in the knee of the right front leg, through the right side of the head, in the center of the chest and through the right side of the chest. The last bullet came out through the left hip. The youth had been hunting since he was 12 and this was his first buck. Protector Lee said. His home is at 17 Williams Street, Meadville.

STUDENT HUNTER

Among Beatty Junior High students meeting success on the opening day of deer season was Billy Larson, 15, son of Mr. and Mrs. Glen Larson of Clarendon, who shot a buck with seven-inch spikes in the Clarendon Heights vicinity before 9:00 a. m. This was young Larson's second deer, the first falling to his gun last season.

OFFICIALS

New York, (AP)—Puzzled police and fire officials probed the blackened skeleton of a Brooklyn pier again today in hope of learning what sparked Monday's mysterious fire and blast.

Army bomb experts and the city fire commissioner expressed doubt yesterday that known cargo on the pier powered the tremendous explosion.

The blast shattered windows for miles around. It blew a gaping crater 75 by 150 feet in the heavy concrete floor of the pier.

Maj. William Vallassa, a 1st Army ordnance officer, peered into the crater and commented that the strength of the blast equaled that of two 4,000-pound World War II blockbuster bombs.

Fire Commissioner Edward F. Cavanaugh, Jr., said he was "certain" the known cargo on the pier could not have produced the blast.

Plan Home's Decoration for Restful Days Ahead

BY KAY SHERWOOD
NEA Staff Writer

SOONER or later the day arrives when the homemaker with a redecorating bee in her bonnet no longer has to consider rugged practicality as a primary factor in her choices.

The house is not only quieter with the children grown, but it's subject to less wear and tear. We can take more liberty with color schemes, pick a more delicate fabric or add a fragile accessory to beloved family furnishings.

MODERN TREATMENTS, contemporary colors and fabrics unite to happy advantage with traditional homes and give a lift to favorite furniture.

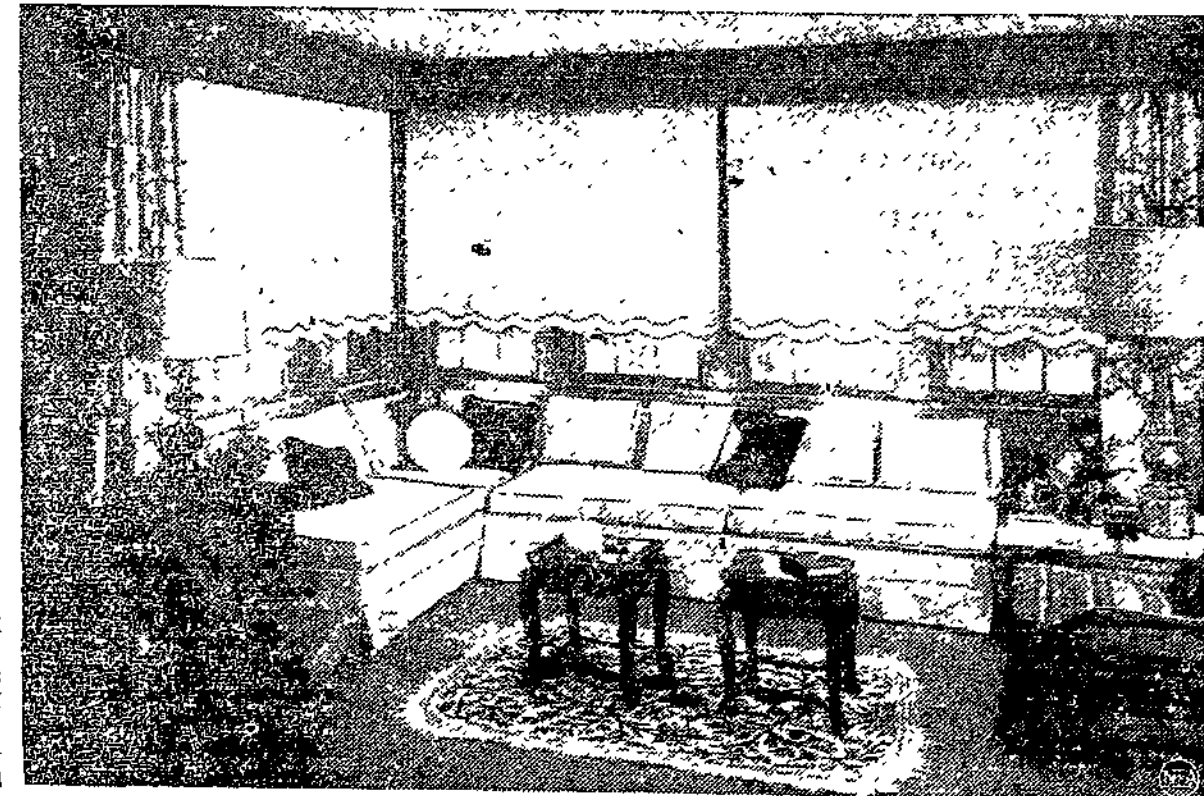

As an example of the skillful blending of new and old, take the newly decorated home of Mr. and Mrs. Lester Byock, both of whom are prominent members of the American Institute of Decorators.

The general feeling of their home is restful and elegant. And homemakers who might want to set a similar mood in their own homes can take a tip or two from the Byocks.

THE COLOR SCHEME, for example, is based on a background of silvery gray walls, grayed-blue carpet, plentiful use of white with accents of fuchsia and purple.

Antique satin draperies with a delicate Oriental-inspired pattern of black, gray and gold against a white ground are keyed to the occasional Chinese pieces the Byocks have collected.

A VICTORIAN chair upholstered in gray-blue to blend with the carpet is quite at home with modern lounge chairs covered with a contemporary striped

Looking toward the day when the children are grown and you can decorate without an eye to rugged indestructibility of the decor, you may envision something like the room pictured above. Modern and traditional furnishings give it an individual elegance that directly reflects the taste of the owners.

fabrics in shades of purple Victorian side chairs pulled up to a round game table have seats covered in the same fabric, which brings out the richness of mahogany finishes.

A corner arrangement of windows and sectional sofa gleams in white. The highly glazed, quilted white chintz covering the sofa is not as impractical as it sounds.

After months of wear, the covering looks as fresh as it did the day it was made. The high glaze resists soiling and responds well to an occasional wiping with a damp cloth.

ALTHOUGH MY HOME is years away from restful elegance, I was especially interested in the Byocks' handling of the corner windows.

It's a treatment that could be adapted to similar window arrangements in living rooms or, in our case, side sun porches. Six windows, four on one wall, two on another, are treated as a unit instead of individually curtained.

Draperies suspended on a ceiling traverse track are gathered fully at the ends of the windows and pull towards the corner. This leaves the corner free of

heavy folds of drapery material and should protect the fabric from uneven and excessive exposure to sun.

Each pair of windows is shaded by new, satin-striped window shades in extra-wide sizes. These shades, striped in white on white, are scalloped and deeply fringed with decorative, corded hems.

They double as a rich backdrop for the sofa and as a barrier against direct sunlight. The cornice, papered to match the walls, conceals hardware and a new strip lighting fixture which can be adjusted to any degree of brightness.

Continued Claims For Unemployment Benefits Decline

Continued claims for unemployment compensation benefits declined by 675 claims to a total of 103,065 for the week ending November 18, Secretary of Labor and Industry John R. Torquato stated today.

Torquato pointed out that the industrial make up of the continued claims volume showed little change from the previous week, with the apparel, textile, construction, trade, primary and fabricated metals, and transportation equipment industries furnishing most of the claims.

New claims for the reported week rose three per cent to a total of 19,372. Main reasons for the increase were job completions in construction, temporary layoffs in the textile, apparel and chemical industries, and a work stoppage on a connecting railroad which led to the filing of more than 500 new claims from a primary metals establishment.

The chief sources of new claims were the construction, apparel, textile, primary metals, trade, fabricated metals, food processing, and transportation equipment industries.

Under the Veterans Unemployment Compensation program new claims numbered 180 and continued claims totaled 1,251. Unemployed federal workers filed 69 new and 1,108 continued claims.

There were 99,666 checks totaling \$2,603,904 in regular benefits issued to eligible unemployed workers during the week. In addition, veterans' unemployment compensation checks numbered 1,511 and amounted to \$34,095. Unemployed federal workers received 1,286 checks totaling \$38,436.

Slick isn't authorized to haul passengers, but the Civil Aeronautics Board said it would be all right this once.

Robert Colhoun, Slick's Washington representative, said passenger lines certified for Chicago-New York routes didn't object to its brief intrusion on their business.

Hughes, he said, can't squeeze through their cabin doors. Hughes returned to his family's farm near Fishhook, Ill., four weeks ago from a summer tour with a circus.

Other members of the Hughes family, including his father and two brothers, are of normal size.

Robert attributes his bulk to a glandular disorder following a siege of whooping cough when he was two-years-old. He weighed 11 pounds at birth and 550 pounds at the age of 10.

ARMY TAPE IS CUT

Detroit (AP)—A woman worker won \$220 for a suggestion that did away with 46 million inches of tape at the Army Ordnance Center here. Mrs. Ruby Finch helps keep tab on automotive spare parts. But she got tired of all the paper work that came in from Army ordnance posts. She suggested that much of the information be consolidated on separate 150-inch tapes. The Army said her idea would save \$9,000 a year in tape.

TARZAN TREED

Alexandria, Va. (AP)—Authorities arrested a young jungle-type burglar. He was a 14-year-old boy picked up for looting food and clothing stores of about \$800 worth of staples and supplies. Police said the boy cached the goods in tree huts and caves where he apparently intended to live the life of Tarzan.

Connecticut Gives Ike A Record Plurality

Hartford, Conn. (AP)—Official figures show that President Eisenhower won Connecticut's eight electoral votes with 306,758 plurality over Adlai Stevenson in the Nov. 6 elections.

The official count, varying only slightly from the unofficial totals compiled by the Associated Press on election night, gave Eisenhower 711,837 votes against 405,079 for Stevenson.

The unofficial election night count had credited Eisenhower with a 305,186 margin, more than double the previous record plurality of

136,138 set by Calvin Coolidge in 1924.

The official figures were compiled by the secretary of state's office for final certification by the Board of Election canvassers. They showed that 1,126,452 out of 1,242,267 eligible voters cast ballots for a percentage of 90.6.

FAREWELL CEREMONIES FOR INDUCTEES

Leaving by last night's east-bound Pennsylvania train, a contingent of seven registrants was sent by Warren County Selective Service Board 162 for Army induction at New Cumberland today. William R. Walker, commander, and Walter Ahlquist, adjutant, represented Chief Complanter Post 135, American Legion, in farewell ceremonies.

New and outstanding honors have come to "The Cornplanters", the Warren American Legion Drum and Bugle Corps, which in the three years since it was organized in 1953, has been acclaimed one of the best in the section. The November issue of "Drum Corps World," "the Voice of the Drum Corps," printed in Chicago and circulated nationally, carries on the front cover a picture of the Corps taken by Everett Stokes on the steps of the Municipal Building on the morning of last Fourth of July, preceding the annual parade.

In connection with the picture Alan H. Buerkle, drum instructor, has received the following congratulatory letter from E. R. Bell, of the George Evans & Co. manufacturers of uniforms and equipment, Philadelphia, which says: "Congratulations for making the front cover of November issue of Drum Corps World. This is an excellent picture, extremely well arranged and posed, and we would like to have a copy of the original photograph. We feel it should be among the select group which will appear in some of our printed matter, including our nationally-known Pictures That Talk booklet. Best of luck and continued success for the Cornplanters in the coming year. With the seasons' wishes." Since 1953 the Corps has grown from 20* to 40 men. The first year the Corps held weekly practice sessions and made but one public appearance at North East. Last year the Corps made 23 public appearances, winning many first and second prizes under the leadership of Marshall Svensen, as musical director and Frank Gruttaria as drum major. This year the Corps presents a unit of 40 men with equipment valued at over \$7,000, purchased with funds raised by activities promoted by the membership with a Corps Auxiliary lending a most willing and helping hand. A

campaign to recruit new members for the Corps is currently under way. Persons interested in joining, whether members of the Legion or not, are advised to communicate with the Legion Home, or any member of the Post.

Uncle's Latest Advice on Baby Care

BY ALICIA HART
NEA Beauty Editor

WASHINGTON—(NEA)—Parents, stop worrying about your thumb sucking babies.

That's the good word from Uncle Sam, an old hand in this line.

In his latest bulletin on babies, he also advises Mom and Dad on pressing problems such as:

How much TV!
Your baby sitter.

What to tell a child who asks about death.

And how to prepare a child for a hospital stay.

It's all wrapped up in the newest edition of "Your Child From One to Six," written by the U.S. Children's Bureau.

ONCE AGAIN, this popular baby care manual has been updated and revised to keep in step with the latest thinking and practice of child experts all over the nation.

Techniques sure have changed. Take this thumb sucking business.

Back in 1918, the booklet recommended putting a child in a sleeping bag and fastening it so he could not get his hands to his mouth.

In 1931, it advised: "Finger and thumb sucking in a little child may often be cured by putting the child's arm in a wide, stiff cardboard cuff which will not permit the elbow to bend."

Fourteen years later, another edition declared that such devices make the child feel thwarted.

Now the 1956 version says:

Updated baby care manual will be a help as you watch your child step into life.

"Thumb sucking is not a problem to the child; his problem is how to feel so comfortable he seldom needs to suck his thumb."

THIS YEAR'S EDITION also moves into new territory. For example, there is a section entitled: "How to Do Without Mother."

"It is important," says Dr. Martha Eliot, chief of the Chil-

dren's Bureau, "that parents take steps early to prepare children for the larger world they will meet outside the home."

Actually, this section talks entirely about baby sitters. Among other things, it recommends that the sitter be someone who comes regularly and is familiar with the children.

Furthermore, it bluntly tells parents:

"Baby sitters should be told whether you have provided a snack; also have instructions about the use of television and radio. They should have a clear understanding of your attitude toward their having a friend to keep them company."

AS TO THE AMOUNT of television for youngsters, the bulletin stresses that kids of preschool and early school age should have the chance for real interests that allow little time for just sitting as onlookers.

"The temptation is very great nowadays to let children soak up much of their enjoyment through their eyes and ears, instead of actively creating their own fun," says the booklet.

On the difficult subject of death, the bulletin warns parents to avoid the half truth that dying is "just like going to sleep." This causes many children to fear waking in a box deep in the ground.

As to the child's stay at a hospital, the booklet suggests preparing the youngster with interesting stories about hospital life. Tell the child he'll have his meals in bed, it says.

Personal Quaker Language Is Disappearing From the Scene

By GEORGE W. CORNELL

Associated Press Religion Writer

A cozy custom seems to be fading from the American scene.

It's still used by some Friends, but many of them are dropping it. The warm, intimate sound of "plain language" is heard less and less today, even among those who had preserved it for centuries.

"A majority of us don't use it at all any more," said Arnold B. Vaught, executive director of the Friends Center in New York. "I think it may gradually disappear."

Plain language means using the singular, direct form of address, "thee," instead of the broad plural "you."

It has grammatically and phonetically, a more chummy personal effect. Try it:

"Is thee bored?" In place of "Are you bored?"

At least, if thee gets a full-scale conversation going with someone using that form it has a more person-to-person ring than otherwise. After all, "you" can apply to a whole crowd—and not just an individual.

But Friends—generally known as Quakers—originally adhered to plain language for reasons of principle, and since the principle no longer applies, the practice has gone on the wane.

And principle, not external form, has always been the sturdy armor of Quakers. They've been, through history, a powerful influence in behalf of individual rights, welfare and equality.

In fact, it was their strong be-

lief in the sacred equality of men that 300 years ago in England made them refuse to conform to a system of using a distinctive form of address—the plural "you"—for nobility.

At that time, employing "you" for the upper classes differentiated them from plain people. Quakers wouldn't imply this superiority of some persons over others. But now, "you" has become the mode of the day.

"Since the language no longer distinguishes between social classes," Vaught said, there's no point in the Quaker testimony on the subject. There's no reason to perpetuate a merely queer practice, without a valid point."

COMMISSION'S ENFORCEMENT PROGRAM

Thomas Bell, the Game Commission's Law Enforcement Chief, recently stated:

"Indications are that Game Protectors are apprehending and prosecuting numerous Game Law Offenders who have committed major misdeeds.

"Reports received at the Harrisburg office to date reveal that many acts of lawlessness—such as spotlighting deer, killing deer and other game in closed season and hunting dangerously in safety zones—have been the principal violations prior to bear season.

"We anticipate that, in final analysis, when the hunting season ends the results of the Commission's law enforcement program will be up to the usual standard," Bell said.

DISTINCTIVE DOE DEER

"On October 1, the first day of the bow and arrow deer season, an archer took a deer to my residence to be checked," says Game Protector Harold Wiggins.

was a doe sporting a spike horn five inches in length. As if that were not oddity enough, it was apparent the masquerading female was nursing a fawn or fawns, no doubt late-born.

"Also, this was the first deer ever to be killed in Northampton County by an archer."

BEAR GOES TO SCHOOL

"Wildlife, even big game, wanders into cities, but this is the first time I can remember of a bear getting into the heart of the City of Allentown before attracting attention," said Game Protector William Moyer early in November.

"The children of the Raub School

cornered Mr. Bruin in a large lot, overgrown with weeds and brush, in back of the school. An excited crowd gathered, and it took several policemen to maintain order. Because of the crowd milling about, some wanting to pet the bear, the animal was dispatched."

ASKING FOR IT

While investigating a hunting accident in Susquehanna County recently, Game Protector Casimir Stanis learned of another might-have-been casualty.

He says, "A sportsman from Simpson told me he was hunting squirrels on the opening day when he spied a furry object moving back and forth on the far side of a tree. The hunter was tempted

to shoot but he held fire because the motion was unusual. As it turned out, a man in his forties, dressed in dark clothing and wearing a Davey Crockett hat, was hiding behind the tree, watching for squirrel!"

Dragons Score Easy Win Over Youngsville, 58-29

Warren Quintet Completely Dominates 1st and 4th Periods

The Warren Dragons, spitting fire with intense fury, blazed to a scorching twenty-one to four lead over the Youngsville Eagles last night in the first quarter on the losers home court and went on to score an easy 58 to 29 victory—their second in the infant season. Facing the local quintet were Steve Lundquist and Jim Mohnkern, both pepping in seven field goals and one charity toss, for a total of fifteen markers. They were assisted by Rickerson and Danielson with six, and Karkosky with four. Mohnkern laid in exactly half of Youngsville's field goals with four plus two foul shots for a nights work of ten points.

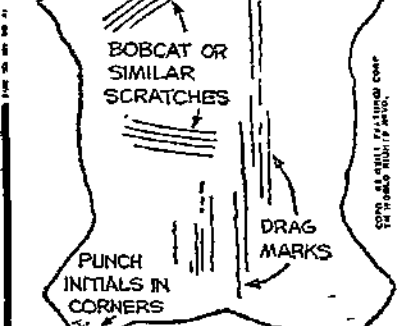

Once again, frequent substitutions appeared to stall the local attack as the point output in the second period fell sharply. The Eagles were able to hold the visiting Dragons on even terms during this session with fourteen points each. At half time the score read Warren 35, Youngsville 18. Mohnkern scored eight of his ten points during this period to keep the Blue and White from making it a complete rout.

The second half opened with both squads relying on their starting fives, and again, a stalemate ensued with each side scoring a meager ten markers. Action was hampered by constant fouling and ragged passing on the part of both teams. A unique fourth quarter showed the Eagles completely blanked from the floor and outscored fourteen to one. Their lone tally coming on a free toss by McMeans. In fairness to the losers, it must be said that they worked the ball in nicely for good shots but the ball wouldn't go through the hoop. Opening game jitters might have had something to do with

SPORTS IN BRIEF

By The Associated Press

Baltimore—Sarenn \$420 came on fast in the stretch to win the Kent County Purse at Pimlico.

Miami Beach, Fla.—Needles, winner of the 1956 Kentucky Derby, was named champion 3-year-old colt by the Thoroughbred Racing Assn. board of selection.

Hungarian Olympic Athletes Ponder Dreams of Freedom

By MILTON MARIOR

Melbourne (AP)—Hungarian Olympic athletes pondering the dream of political freedom away from their revolution-torn homeland received a helpful offer tonight from America.

"The United States would look with favor," said American Consul General Gerald Warner in Melbourne, "on any pleas for political asylum from any Olympic Games athletes—Hungarian or otherwise."

This statement came dramatically as many of the great names in Hungary's sports history faced a fateful 48 hours of their lives. For them this was a heart-tearing time of decision—to return to their Russian—devastated homeland or stay in Australia, far from their families but in freedom.

From Australia they could seek refuge in America. But in these next two days no decisions are expected to be announced, for all groups in sympathy with the lone Hungarians don't want anything to occur before the games end Saturday to mar the Olympic spirit.

Junior Dragons Score a Victory in Preliminary, 47-30

The Dragon Junior Varsity continued on their winning ways with an easy 47 to 30 conquest of the baby Eagles in a prelude to the main fiasco last night.

Nicky Creola poured fifteen markers through the nets to lead the scoring parade for Coach Jim Johnson's yearlings. Don McKelvey played a good board game and contributed a couple of timely buckets.

High point man for the fracas was Youngsville's Halfast with six fielders and a fine five for five from the charity stripe. The local five will be tested this Friday when they meet their stiffest opponent to date, taking on their modest two game streak to the Bealy court against the Kane Jay Vees.

Machen Favored To Win Over Summerlin Tonight

Syracuse, N. Y.—Favorite Eddie Machen is looking for a victory

over Johnny Summerlin tonight to move him closer to a crack at Floyd Patterson's newly won heavyweight crown.

Jim Norris and his International Boxing Club have suggested it might be a good idea to have the 24-year-old Machen meet Hurricane Jackson to determine a heavyweight contender.

Summerlin hasn't figured in the discussion.

Cus D'Amato, Patterson's manager, has indicated that he likes the idea of a bout with Jackson but that he would accept whatever bout Norris promoted—provided it wasn't too soon.

Indications are that Patterson won't defend his title until June at the earliest.

Northern Knights Rack Up 2nd Win, 55-43, Last Night

The Knights' from Northern

Area swooshed through to their second straight basketball victory last night as Panama Panthers dropped 55-43 in the new Eisenhower gym. It was a 19-point final period for NA that made the big difference.

Bud Rowland was top man for the Knights as he racked up 27 points on nine shots from the field and nine from the foul line.

Chase of Panama was high for the Panthers with 18. Darts and Welch each had 8 for Northern Area.

FURILLO UNDER KNIFE

Reading (AP)—Carl Furillo,

veteran Brooklyn Dodger outfielder, was reported in good condition today after an emergency appendectomy last night. Authorities at Community General Hospital said Furillo, 35, came through the operation "in good shape." They said he would remain in the hospital a week or 10 days before being released.

Yank Shaves .4 Second Off 1,500-Meter Swimming Record

Melbourne (AP)—George Breen

of Buffalo cracked the world for the 1,500-meter free style in a qualifying heat today as U. S. swimmers tried to keep pace with Russia's powerful fringe-sport point machine in the race for the unofficial Olympic team title.

Breen bettered the 17:59.5 record held by Australia's Murray Rose with a 17:52.9 clocking but was the only Yank to qualify for Friday's final in the event.

The U. S. scored a grand slam in the women's 100-meter butterfly final with Shelley Mann of Arlington, Va., winning the gold medal in 1:11 flat.

Another Yank girl, Carin Cone of Ridgwood, N. J., shared an Olympic record with a 1:12.9 clocking in the 100-meter backstroke, but the gold medal went to Britain's Judy Grinham.

Women swimmers tried on Olympic records like spring hats in the 400-meter free style. The record was cracked five times. Australia's Lorraine Clapp finally topped the others with a 5:00.2 time in the fourth and final preliminary heat. Marley Shivers of Glendale, Calif., with 5:07.6, and Sylvia Ruuska of Berkeley, Calif., qualified for Friday's final.

The United States also picked up 17 points in the yachting finals, winning a gold medal in the star class with Kathleen, skippered by Herb Williams of Evanston, Ill. John Marvin, Marblehead, Mass., won a third place bronze medal in the Dinghy Ann class.

But elsewhere it was all Russia. Soviet women won the team gymnastics title and picked up a pair of individual gold medals. The United States was last.

College Basketball Is Already Taking On Familiar Look

By DON WEISS

The Associated Press

College basketball is only now shaking out the kinks of a spring and summer layoff but already there's a familiar look to it.

Like death and taxes, North Carolina State and Oklahoma A&M always are around winning and hotshots like Lennis Rosenbluth and Hot Rod Hundley are finding the round hoop easy pickings for the round ball.

State got off to a good start last night, spinning in 51 points in the second half to defeat a tough Wake Forest club 73-63 after trailing by five points at halftime.

The Aggies held off a late rally to defeat Baylor of the Southwest Conference 52-51.

Rosenbluth broke two North Carolina scoring records as he dropped in 47 points, including 20 field goals, during a 24-66 victory over Furman.

Hundley, scoring 25 as West Virginia romped over Florida State 89-54, ran his career total to 1,557 points—four more than Mark Workman collected for the Mountaineers during three seasons of work from 1950 through 1952.

Indiana, another consistent power, also turned up a top performer in 6-8 Archie Dees, a junior who scored 28 points and grabbed 25 rebounds in defeating Valparaiso 64-57.

Duke scored 13 points in the last three minutes to overhaul Clemson and win 84-78.

Notre Dame Star Is Outstanding College Player

South Bend, Ind. (AP)—Paul

Hornung, the one bright spot in Notre Dame's most disastrous football season, yesterday was awarded the Heisman Trophy as the nation's outstanding college football player of 1956.

Hornung's first reaction to receiving the trophy established in 1935 in honor of famed coach John W. Heisman and awarded by the Downtown Athletic Club of New York, was to give credit to his teammates and coaches.

"I am grateful to Terry Brennan and his coaching staff and to the team as a whole—they deserve credit for making it possible for me to have a chance for such an award," said Hornung.

The senior from Louisville, Ky., started the season at quarterback but later was forced to play halfback and fullback because of thumb injuries which hampered him in taking snap-backs from centers.

Hornung became the 22nd winner of the trophy. Jay Berwanger of the University of Chicago was first and Ohio State's Howard Cassady won the award last year.

Tennessee halfback Johnny Majors was second in the balloting. Hornung received a total of 1,006 points in the poll conducted by 1,318 electors across the nation and Majors had 994 points, marking the closest finish in years.

PICTURE NEWS

AROUND THE WORLD

AT WORK IN THE SUEZ—A naval diver at left is working on the sunken Paul Solent, a sand suction dredger, in the Suez Canal at Port Said, Egypt. The diver is receiving plates from the workman at right to seal up holes in the dredger below water. It will take some months to get the canal cleared of sunken ships and ready for traffic once more.

THEY'LL BE THERE—Conductor Robert Zeller, who will lead the orchestra at two concerts to be given at Madison Square Garden at the annual Chanukah Festival, is shown rehearsing three soloists. Left to right are Alexander Brailowsky, pianist; soprano Elaine Malbin, and tenor Richard Tucker.

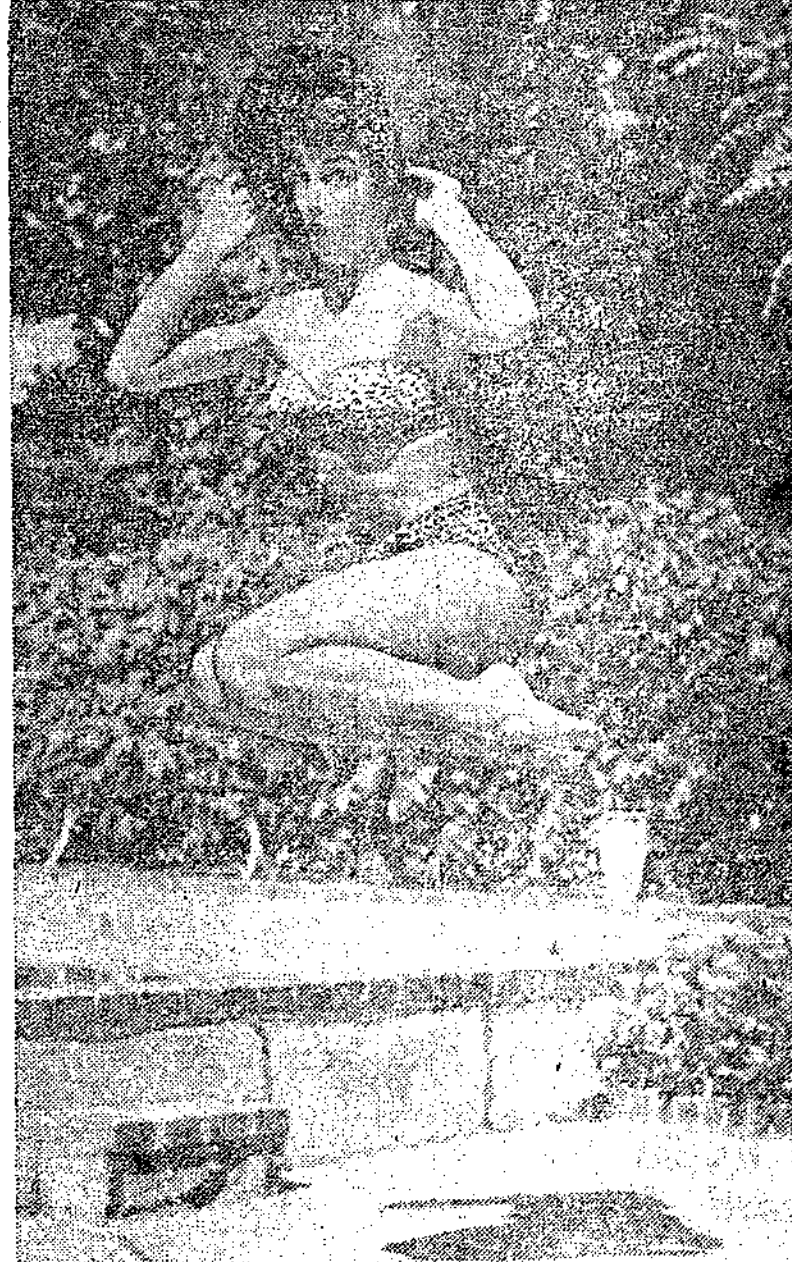

EATING HIGH—Duke and Duchess, two giraffes in Woodland Park Zoo in Seattle, Wash., have some very ardent young admirers. In fact, the lads think so "highly" of the animals that they've taken to the trees to give the long-necked creatures some tid-bits not called for in their usual diet. The animals are at least willing to inspect the offerings.

HARVESTERS WITH TITLES—A scarecrow watches over that basket of grapes as Lady Salisbury-Jones and her daughter Mariette, 20, pick them at their country home in Hambleton, England. The titled mother and daughter have installed a wine press and a corking machine on their estate, and are using German methods to make their wine.

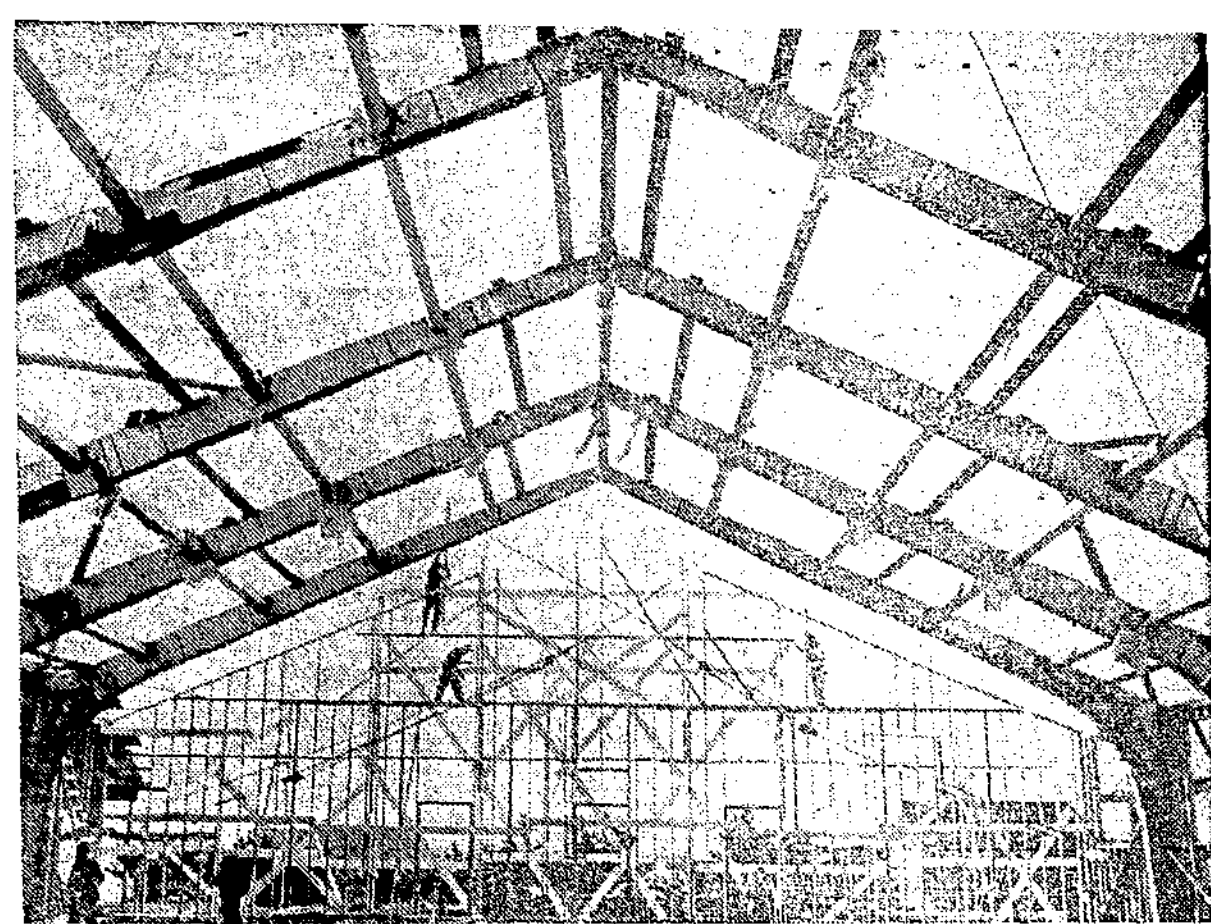

TINY GLAMOUR—Mother's fashionable blouson is sized down for daughter in this dress-up overblouse of lustrous black velvet with delicate white lace collar and cuffs. The festive little blouse is worn here with a crisply-pleated white wool skirt that's very attractive.

WORKING AT IT—Ice skater Pat Gregory is flying high and handsome as she invents a comic routine in Pasadena, Calif., for use on ice. Born in Sydney, Australia, the shapely Pat has certainly gotten off the ground in this practice session. She'll put it to good use in a future ice show.

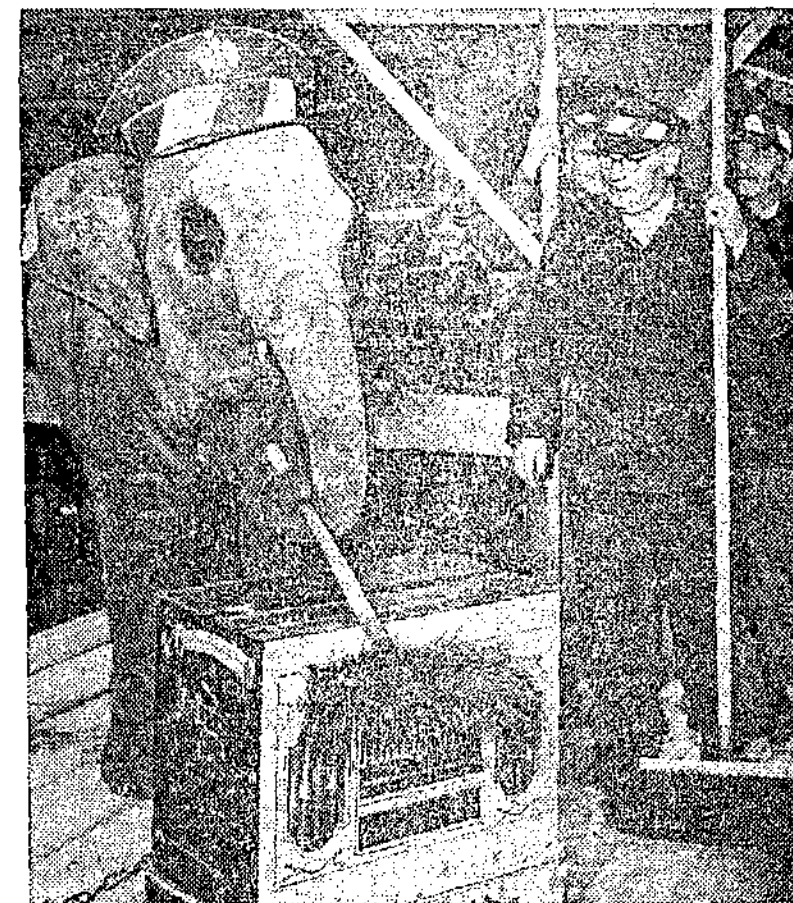

LEAVING—Metropolitan Opera star Renata Tebaldi bundled up in a warm blanket to guard her voice from freezing temperatures as she sailed from New York. She'll spend some time in sunny Spain before returning here in February for more appearances in opera.

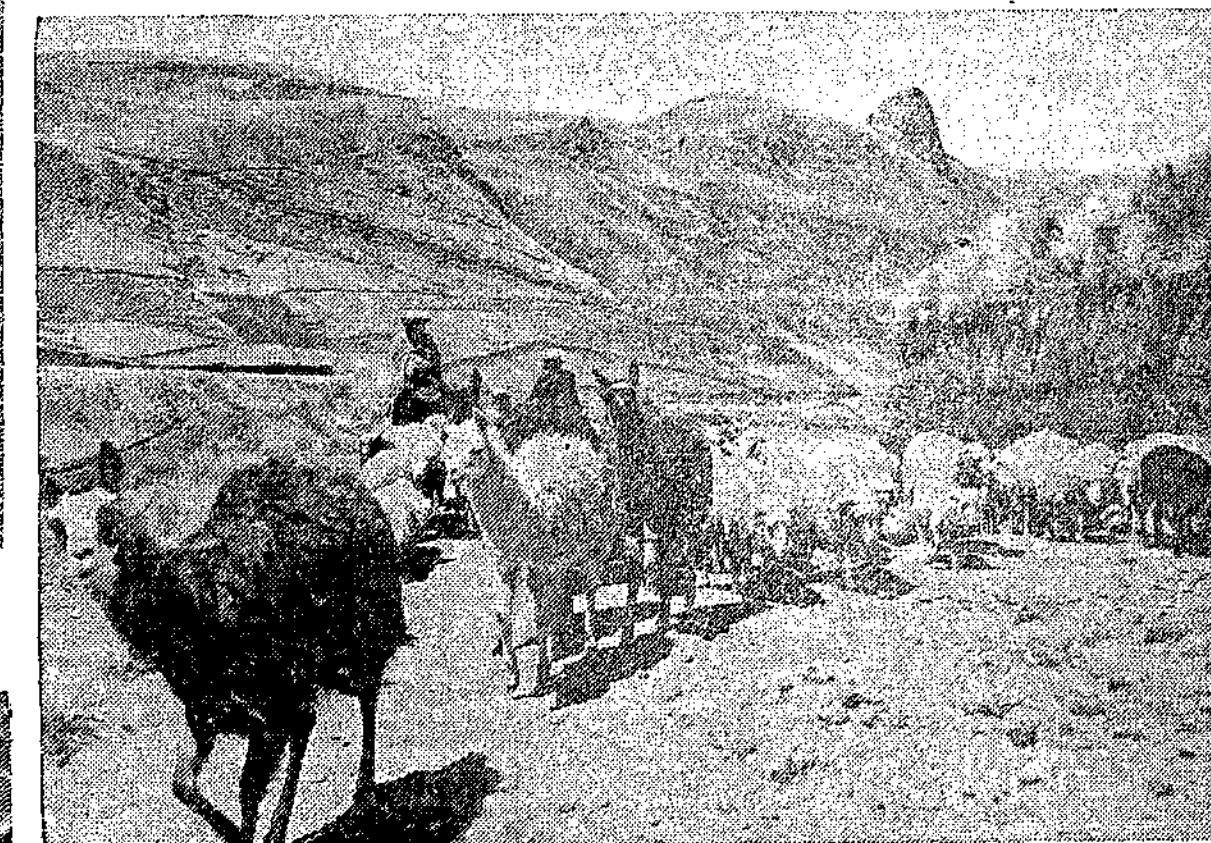

THE MODERN WAY—The traditional building material on Nantucket Island, Mass., is wood, but it's being used a new way in the construction of a high school. Wood arches in factory wrappings are erected to frame the roof of the gymnasium auditorium. The school is wrapped in wood shingles as protection against the horizontal drive of rainfall.

SOFT LUXURY—A fully-fashioned sweater, this has turn-back cuffs, liny rhinestone buttons and is lined throughout. The shawl collar is made of the new fur-like fabric and the waist-ribbing is turned up to give a smart bolero effect.

CIVIC PRIDE—Moni, an elephant in the zoo at Frankfurt, Germany, is doing her bit toward helping to keep the city clean. The six-ton baby is swinging a mop on a city street to inspire residents to follow her good example. Moni will make a tidy big housewife some day.

HEADING FOR PASTURE—Llamas and sheep are being taken to greener pastures by herdsmen moving them to new grazing grounds 12,000 feet up near Latacunga, Ecuador. The thin, dry mountain air and cool climate of the high regions make their wool finer.

WHAT'S NEW?—Well, these dolls certainly are. The boy at right is wearing trousers of painted fabric and his tiny, stuffed animal is made of fur. They're resting against a framed background among leaves and flowers at a doll show in New York. At left, that doll is dressed in green jeweled satin with a skirt made of pine cones and needles.
